

District 127 Doings Orange CA Diocese
March 2015

Janie Hanson and the City Club had a very wonderful morning of Lenten reflection. Fr Felix Just SJ, chaplain of the City Club, and executive director of Loyola Institute of Spirituality was our presenter. We a good exercise in how to prayerfully reading scripture using Lectio Divino. Father your presentation really made the readings come alive, thank you.

We have one big event this month, our annual visit to St John's seminary in Camarillo. We can take 56 people, and we already have reached to half way point in the number of reservations. If you have a adopted seminarian attending St John's, this is a great time to visit the seminary. Even if you have been there before, remember we don't do it for us, we do it to support the seminarians.

Last month I made a plea for Serra members to offer their help with some specific vocation project. So far no one has offered. I am currently working on Newman Connection, and starting a new Serra club in the northwest of our diocese. We could do more if I knew I was going to get some help. Think about it and answer the question "WHY DID I JOIN SERRA?"
